

Pervious Concrete Certification Tuesday, August 24, 2010

Location: ARMCA Office
3520 W. 69th St. Ste. 303
Little Rock, AR 72209

When It Rains, It Drains

Sponsored by: AR Ready Mixed Concrete Association & National Ready Mixed Concrete Association

Join the Arkansas Ready Mixed Concrete Association for a seminar and certification exam for pervious concrete. This certification has recently been developed by the National Ready Mix Concrete Association and will be an important advantage for anyone interested in this rapidly expanding market. **Architects, Engineers & Contractors** are encouraged to attend the seminar to gain valuable technical information regarding this new pavement.

- Course Content:**
- Fundamentals of Pervious Concrete
 - Pervious Concrete Mixtures & Production
 - Tools and Equipment
 - General Design Principles of Pervious Pavements
 - Pervious Concrete Construction
 - Maintenance and Troubleshooting

The session will be from 8:30 a.m. - 3:30 p.m.
Lunch will be provided for those attending the session.

5 PDH's are available upon request.

Seminar & Written Exam \$225 ARMCA Members \$325 Non-Members

To attend the seminar without taking the exam \$125 ARMCA Members \$175 Non-Members

Persons not having a current ACI Flatwork certification may take the Pervious Technician examination and receive certification as Pervious Technician. Those desiring certification as Pervious Concrete Contractor must be certified as an ACI Flatwork Finisher and be able to demonstrate at least 1500 hours of pervious concrete placement experience, in addition to passing a pervious performance exam. **The performance portion of the exam will not be included at this time.**

Note: A minimum of 10 persons must register or the event may be re-scheduled.
